### **DETAILED ACTION**

The Amendment, filed on January 16, 2007 has been entered and acknowledged by the Examiner.

Cancellation of claim 2 has been entered.

Applicant's arguments filed January 16, 2007 with respect to claim 2 have been fully considered and are persuasive. Hence the rejection of claims 1 and 7 which now include the limitation of claim 2 has been withdrawn.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Richard Schachner on January 25, 2007.

The application has been amended as follows:

The claims 10-20 directed to Group II, non-elected without traverse have been cancelled.

***Allowable Subject Matter***

Claims 1, 3-9 are allowed over the prior art of

The following is an examiner's statement of reasons for allowance:

Regarding claim 1 the prior art of record neither teaches nor suggests a plasma display panel with combination of limitations as claimed in claim 1 and particularly the limitation comprising the regions of sealant of substantially uniform thickness having second width located at areas where a sealing pressure is concentrated.

Claims 3-6 are allowed for the reason cited for claim 1 because of their dependency status from claim 1.

Regarding claim 7 the prior art of record neither teaches nor suggests a plasma display panel with combination of limitations as claimed in claim 7 and particularly the limitation comprising the regions of sealant of substantially uniform thickness having nodes located at areas where a sealing pressure is concentrated.

Claims 8 and 9 are allowed for the reason cited for claim 7 because of their dependency status from claim 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2879

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. WO 02/075766 to Park discloses method of manufacturing a flat panel display device with adhesive seal glass having uniform thickness.
